Minimum Bid: _____ (must be at least \$100)

Consignor's Signature: _____

VEHICLE CONSIGNMENT PROCEDURES

All vehicles must be checked in by an Acme Auto Auction employee upon arriving at the yard. At that time, the employee will let you know where the vehicle needs to be placed within the auction yard. Vehicles will be randomly placed in auction sequence.

All vehicles **MUST** be accompanied by its title and correct paperwork.

Vehicles must be here the Wednesday the week before the auction day. Call office at 505-877-4073 before bringing vehicle to make sure there is a spot available.

A valid, transferable title must accompany all vehicles at time of consignment. Consignor will be responsible to guarantee title on all vehicles sold at the auction. A vehicle in the runner and driver section must be safely operational with no noticeable engine or transmission issues. A consignor must have title in his or her name and only 4 vehicles may be sold in any calendar year.

Consignors must specify a minimum bid on all vehicles; the minimum bid must be at least \$100.00. Consignment fees are \$25.00 or 10 percent of the **FINAL BID** (The \$25 Buyer Fee is not commissionable to the consignor), whichever is greater. Consignors will be paid only after the buyer has paid. Checks will be ready the Wednesday following the auction. If you would like your check to be mailed to you, please make sure to mark that on the Vehicle Consignment Form.

If the vehicle does not sell the consignor has the option to leave it on Acme Auto Auction's lot and re-run it in the following auction. There is a \$10.00 a month no sale fee per month per vehicle. The fee must be paid before vehicle is picked up. If the vehicle does not sell after the second auction the consignor must remove the vehicle by the Wednesday following that auction. If the consignor fails to do so there will be a storage charge of \$15.00 per day per vehicle and a lien processed against the vehicle.
